Summer 2011

Welcome to the Queen Anne's County High School (QACHS) website. Our site is designed to provide you with the most current, up-to-date information on our school community, and is a key component of our internal and external communication. We hope you will check back and refresh or reload your bookmark often, for all the latest news. We have many exciting events scheduled for this fall semester. Please review this site for the most up-to-date information.

The 2010-2011 school year was a very successful year for QACHS students. The Class of 2011 earned in excess of \$3.25 million dollars in scholarships for college. Locally, there was more than \$350,000 dollars provided by individuals and organizations for scholarships to be used by the Class of 2011. We are grateful for your support of our graduating class by your generous contributions.

As we plan for the 2011-2012 school year, there are many challenges that lay ahead for us. The greatness within our student body, faculty and staff comes from their dedication and willingness to step up and exceed the standards. At times it is hard, but the hard is what makes these individual and collective achievements great. As an example, this year QACHS we broke into the top 2,000 schools nationwide of

the Washington Post's National High School Challenge and, at 1732! This was only accomplished due to the dedicated efforts of the student body, faculty, staff, and parents; for this outstanding improvement in our nationwide standing!!

This summer we will close the building on Friday's for energy conservation. Summer Hours: Monday through Thursday from 7:15am – 4:00pm.

Please contact us if you have questions. I look forward to celebrating the accomplishments of our students with you as we move forward together.

Have a fun, relaxing and safe summer!

Go Lions!
